

AmZetta 4260 Mini PC

Optimized for Next-Level Performance

AmZetta zTC 4260 mini PCs offers exceptional performance and flexibility in a sleek, compact design. Built with a durable aluminum housing and designed for a wide range of applications. It is well-suited for mission-critical applications due to its reliability and performance.

Powerful Performance

Equipped with a state-of-the-art Intel® i5-1250P 12th generation processor, the zTC4260 delivers fast and efficient processing capabilities. Its 64GB of DDR4 RAM enables smooth multitasking, and the 128GB storage provides ample space for essential applications and data caching.

Enhanced Connectivity

The zTC4260 offers high-speed internet connectivity through an integrated Gigabit Ethernet port and supports flexible, secure wireless connections with Wi-Fi 802.11ac. Multiple USB 3.0 and USB 2.0 ports allow easy connection of peripherals and external devices.

Superior Graphics and Display

zTC4260 supports dual display output with resolutions up to 4K, making it ideal for tasks requiring high-definition visuals.

Security and Management

Secure Boot ensures the zTC4260 boots only with trusted firmware, protecting against malware and unauthorized software. It is compatible with various management software solutions, allowing IT administrators to manage and monitor devices efficiently.

Energy Efficiency

Designed to be energy-efficient, the zTC4260 consumes minimal power, reducing operational costs and contributing to a greener environment.

Conclusion

With its lower total cost of ownership compared to traditional desktops, the zTC4260 is cost-effective. Its simple setup and configuration make it easy to deploy across multiple locations, and it is easily scalable to meet the growing needs of any business. The zTC4260 is a powerful and versatile thin client designed to meet the demands of modern business environments. With its combination

of performance, connectivity, and security features, the zTC4260 is an excellent choice for organizations looking to enhance their computing infrastructure.

4260 Specifications

CPU	Intel® i5-1250P 12th generation or above
RAM	64GB RAM Memory (DDR4)
Storage	M.2 SSD : 128 GB – 1 TB
Wireless	Wi-Fi 5 (802.11ac), dual band
USB 2.0 Port	4 x Front
USB 3.0 Port	4x Rear
Supported Protocols/Brokers	VMware, Citrix, Microsoft
Cloud Support (PaaS)	AWS, Google Cloud, Microsoft Azure
Display Ports	4K UHD - 4096x2160@60Hz, 1 x HDMI, 1 x VGA, Dual independent display
Audio	1 x Speaker out, 1 x Mic in
Network Port	1 Gbps Ethernet Port 1 x RJ-45 with diagnostic LEDs
Dual Monitor Support	Yes
Power Input	100 - 240 V AC, 50 - 60 Hz 1.5 Amps maximum
Power Output	12V, 5A
Operating Temperature	0° to 40° C
Dimensions (WxDxH)	199.5 mm × 181.5 mm × 29.5 mm
Net Weight	0.72 kg
Gross Weight	1.39 kg
Operating Systems	SnapOS, Linux / Windows
